

UNITED STATES DISTRICT COURT  
DISTRICT OF NEW HAMPSHIRE

Markem Corporation

v.

Case No. 07-cv-6-PB

Zipher, Ltd.

ORDER

Re: Document No.93 , Motion for Reconsideration

Ruling:

Markem's argument, which is based on a surprising misinterpretation of the court's order, is without merit. I reserve the right to construe the claim term addressed in the motion for reconsideration at a later point in the proceedings if it becomes necessary to do so in ruling on a motion for summary judgement or a trial-related motion. Motion denied.
